VEGETABLE GARDEN

Why Create a Vegetable Garden in Your Community?

The average meal travels over 1,500 miles from farm to plate and food system's emissions contribute up to 29% of global greenhouse gases. Local food systems create hyper local distribution patterns for environmental costs on our environment to be reduced. There are so many benefits to creating a vegetable garden including having your own local food, engaging the community in a healthy activity, improve local soils, and providing edible flowers for local pollinators.

Vegetable gardens come in all shapes in sizes. Fleet Farming and IDEAS For Us specialize in raised bed gardens including vegetable or herb gardens (low maintenance).

Desired Outcomes in Working With IDEAS For Us:

IDEAS For Us Will work with your group to create a detailed funding proposal for your organization to submit to Orange County for funding. IDEAS For Us will engage staff in ordering supplies, delivering supplies to the project site, building the installation, and working with your group to engage residents if possible to promote environmental education. Final photos of the project will be taken and shared with your group. Your group will
