

## Shoreline Clean Up in Ghana

### Introduction

IDEAS For Us (IDEAS) is an Orlando-based 501(c)(3) non-profit organization and an accredited NGO of the United Nations. Our mission is to develop ideas, fund action, and scale solutions that solve the world's most pressing environmental and social challenges. Since 2008, IDEAS is guided by a vision to contribute to a future where humanity thrives in harmony with nature and in peace with one another. Through this organization, thousands of volunteers have taken action in over 30 countries around the world and continue to evolve by specializing in helping cities advance sustainability at the local level through environmental projects, community action programs, and eco-enterprises. This model has now expanded to 8 countries internationally with branches in Democratic Republic of Congo, Ghana, Guinea, Liberia, Nepal, Romania, Rwanda and Uganda.

### Problem

Global water pollution jeopardizes the health of ecosystems as harmful substances like synthetic chemicals and microplastics replace biodiversity in our rivers, lakes and oceans. These **waterways are threatened by an estimated 8 million metric tons of plastic waste each year** and growing levels of harmful chemical runoff from unsustainable agricultural and industrial practices. This is also a risk to the millions of individuals in Africa that get their water from surface water supplies. According to the World Wildlife Fund, **global biodiversity has decreased by nearly half in the past 40 years** and will continue to threaten environment and society without mitigation efforts.

### Solution

Our plan is to **mobilize community members to collect 50 pounds of trash over the course of 3 outreach events**. We are requesting a partnership with a sponsor looking to further this mission and provide support of waterway cleanup projects, an expert in the field of water ecology and conservation to educate the public, trash storage and collection supplies, and materials for sustainable educational brochures. Through civil engagement and environmental activism, our communities will become more vibrant and healthy places to live.

### Work Plan

**Goal:** Educate and engage local community members in waterway cleanup initiatives to restore biodiversity and promote sustainable lifestyles.

**Objective 1:** Provide immersive education opportunities for the community to personally engage with the environment as stewards, thus encouraging enlightened perspectives and behavior change.

If interested, contact [Admin@IDEASForUs.org](mailto:Admin@IDEASForUs.org) for full project breakdown

**Objective 2:** Remove 50 pounds of trash from local waterways to protect wildlife ecosystems and beautify the community.

**Key Activities:**

1. Offer education sessions for community members, led by local waterway ecology experts.
2. Hold waterway cleanup projects to foster positive relationships with nature while preserving and restoring biodiversity
3. Group members will sort the collected items into waste and recycling
4. Transport waste and recycling to the appropriate management sites

## Sponsor One Waterway Cleanup Budget

Description	Details	Amount
Educational Event	Venue needed to bring volunteers together and discuss importance of responsible consumption	\$200
Educational Materials	Dry erase boards, PS system, writing materials, food,	\$300
Waterway Expert Educator	Services of a professional in the water conservation education to come out to 3 separate classes to engage in education	\$200
Travel Expenses	Bus and driver needs to transport volunteers to the waterway project and truck	\$500
Trash Grabbers and Trash Bags	Trash Grabbers \$10 each (10) and Trash Bags \$4 per box (5) Plant based, biodegradable produce packaging necessary for produce distribution	\$300
<b>Total Ask</b>	<b>Support a Single Waterway Project:</b>	<b>\$1,500</b>

## Support Waterway Cleanups for the Year

Description	Details	Amount
Spring Waterway Clean Up	March - May	\$1,500
Summer Waterway Clean Up	June- August	\$1,500
Fall Waterway Clean Up	September - November	\$1,500
Winter Waterway Clean Up	December - February	\$1,500
<b>Total Ask</b>	<b>Support IDEAS for Us Waterway Cleanups for the Year!</b>	<b>\$6,000</b>
